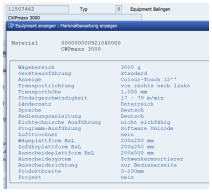
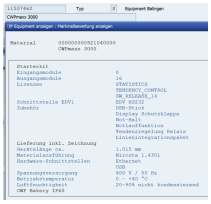
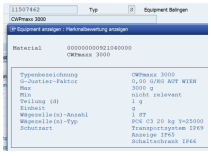
Přehled

CWPmaxx 3000

Číslo zařízení: 11507462







Popis

The CWPmaxx hygienic checkweigher series has a particularly robust construction; it is ideally suited for use in the most difficult industrial wet cleaning environments. The hygienic design particularly required in the production areas within the food industry is exemplary. The CWPmaxx hygienic checkweigher weighs and checks unpack-aged products or open packages. The CWPmaxx is used where intensive wet cleaning occurs and high IP69 protection is required. The open design facilitates easy cleaning and minimises product build up and deposits.

Informace o produktu

Model:	CWP
Přepravní výška:	950 - 1100mm
Přívodní dopravník:	250mm
Rok výroby:	2018
Rozsah váživosti:	3000g
Separační dopravník:	500mm
Směr pásu:	Levo-Pravý
Varianta napětí:	380 V
Vyhazovací dopravník:	500mm
Záruka:	6 měsíců
Šířka dopravníku:	200mm
Location:	Germany
Material number:	9090894 CWP
