

## Overview

# KHII 100

# BIZERBA

Equipment number: 11590888

## Description

The KH II 800 counter scale offers features for the modern fresh food counter: it allows you to weigh, label, advise customers, and handle transactions. Communicate information, promotional content, and cross-selling actions through the optional 12.1" brilliant customer display. When combined with a cash drawer, the counter scale becomes an efficient checkout solution. The powerful and open PC platform offers high performance: the large memory reserves enable you to implement new features or meet individual requirements. The use of third-party

software is also possible without any issues. Benefit from the ergonomic design of the scale, such as the easy paper change with the Easy Load printer.
