Overview

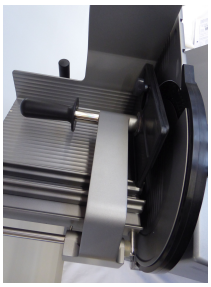

GSP H

Equipment number: 12325668

Description

The manual slicer utilises gravity and, thanks to the ergonomic, inclined carriage arrangement and the proverbial Bizerba precision, can be operated effortlessly even with heavy items to be sliced. It is characterised by a wide range of variants. Customised and powerful for a wide range of items to be sliced in manual operation. The centrepiece consists of a powerful blade drive, and the GSP H can also be equipped with a Ceraclean® surface, which is not only easy to clean, but also ensures that the product to be sliced can be easily fed to the blade.

Product information

Year of construction:	2023
Condition:	Refurbished acc. to Bizerba standard
Surface:	Ceraclean
Scale:	Yes
Emotion:	Yes
Voltage variant:	240 V
Location:	Germany
Warranty:	6 month
Material number:	9090945 GSP
