

Overview

MMT 8024 (Industry PC)

BIZERBA

Equipment number: MMT8024

Display	23.8" Full HD (1920 x 1080 pixels) LED backlight
Touch	8CPAP multi-touch, finger and palm (max. 5 fingers) through front glass according to EN 60529 (Splash protection class IP65)
Processor	Intel® Celeron™ J1850 (24W)
RAM	8 GB DDR4
Mass Storage	500 GB SSD
Interfaces	2 x Ethernet (10/100/1000 Mbps, PoE) 1 x SATA 6G 1 x USB 3.0
Power supply	24V DC (±20% (18 - 30 VDC))
Operating System	Windows 10 IoT
Protection class	IP65
Operating temperature	0 °C to +45 °C
Dimensions	678 x 347 x 47 mm
Weight	approx. 7.5 kg

Description

The MMT8024 Industrial PC offers a high performance, fanless design and great robustness. In addition, it has capacitive multi touch functions. The device is also dust tight, protected against water penetration, and resistant to alkalis and acids.

Attention: Without plug-in power supply

Product information

Year of construction:	2023
Condition:	New
Voltage variant:	24 V DC
Location:	Germany
Warranty:	6 month
Material number:	9090837 iS Terminal
