

Overview

VS 12 D-V Ee

BIZERBA

Equipment number: 11865341

Description

The centerpiece consists of a powerful blade drive with intelligent Emotion® motor control. Thanks to the automatic depositing system, it enables contact-free depositing and a variety of depositing patterns for optimum presentation. The depositing system is made entirely of stainless steel and can be dismantled quickly and easily so that it can be cleaned completely and efficiently. The membrane keypad with intuitively designed operating symbols ensures extremely simple operation. Not only can the storage format be conveniently configured using direct keys, but the most frequently used 'PLUS' can also be permanently saved.

Product information

Year of construction:	2020
Condition:	Refurbished acc. to Bizerba standard
Surface:	Eloxal
Emotion:	Yes
Voltage variant:	240 V
Location:	Germany
Warranty:	6 month
Material number:	9090947 Fully Automatic Slicer
