

## Overview

# FW-N 22 - L+W longlife **BIZERBA**

Equipment number: 12367808

## Description

The Carneoline FW N22/82 commercial meat mincer, minces raw, cooked or smoked meat. Even marbled meat – in hot or cold form – bacon, offal, rind and vegetables can be minced. Food processing facilities will achieve perfect results and the machines can be cleaned quickly and efficiently. This heavy duty meat mincer is one of the favourites amongst butchers globally. The robust and easy clean design are not the only benefits to this fantastic piece of machinery. The Bizerba commercial meat mincers incorporate unique technology with a gentle cutting process due to the unique worm solution. Gently mincing the meat as oppose to forcing and stretching the product. This is how you get the perfect mince every time.
