Overview

FW N32 T - L+W longlife

Equipment number: 12400654

Description

The FW-N 32/98 Heavy Duty Commercial Meat Mincer minces raw, cooked or smoked meat. Even marbled meat – in hot or cold form – bacon, offal, rind and vegetables can be minced. For us, mincing means commutation or controlled processing of meat instead of squashing it. FW-N 32/98 Heavy Duty Commercial Meat Mincer produces a loose and fluffy volume. The mixture retains its red colour due to increased oxygen enrichment. Food processing facilities will achieve perfect results and the machines can be cleaned quickly and efficiently. With a throughput of up to 1100 kg/h, the FW-N 32/98 Heavy Duty Commercial Meat Mincer is the right solution for preparation rooms, large kitchens or as a manual solution for production. Fast and precise mincemeat production with an impressive output per hour.

Product information

Year of construction:	2025
Condition:	Refurbished acc. to Bizerba standard
Surface:	Stainless steel
Voltage variant:	380 V
Location:	Germany
Warranty:	6 month
Material number:	9090944 Mincer
