Overview

VSI F Value

Equipment number: 12426496

Description

This Bizerba VSI T slicer is designed to stand up to the rigours of industrial production, offering an outstanding level of efficiency. It can introduce optimum slicing performance into your production line while keeping power consumption to a minimum thanks to its Emotion® technology. Target weight accuracy is assured thanks to an integrated tendency control to assist the operator; especially helpful when slicing products which are naturally grown. This means you can avoid the problem of overfilling, improve your efficiency, and ultimately have a positive effect on the bottom line.

Product information

Year of construction:	2025
Condition:	Refurbished acc. to Bizerba standard
Surface:	Eloxal
Emotion:	Yes
Carriage lenght:	400 mm
Blade type:	Chrome flat
Voltage variant:	240 V
Location:	Germany
Warranty:	6 month
Material number:	9090946 Industrial Slicer
