Overview

GLPmaxx 80

Equipment number: 12402197

Description

Whether you work in the food processing industry, logistics or manufacturing trade, a reliable label printer is an essential piece of equipment. If you think your business could benefit from a faster, more convenient and functional label printer, the GLPmaxx 80 label printer may be right for you.
Durable and versatile

The GLPmaxx 80 label printer can be used as a stand-alone printer or can be easily integrated into a weight-related product labelling system. The machine is incredibly versatile and can be used to produce both dispatch and stock labels. Labels can be printed up to 168 x 500 mm in size and can be produced as small as 30 x 20 mm. Built to be long-lasting, robust and durable, the GLPmaxx 160 label printer will be a long-term addition to your labelling and weighing system.

Product information
